Capt. McAlpin of the Seventh in Second Place at End of First Stage of National Match-New York Men Do Well Under

Disagrecable Conditions at Sea Girt. SEA GIRT, Aug. 25 .- New York won the first honors in the uncompleted national individ-ual match to-day, Capt, George W. Corwin of the Seventy-first Regiment putting up top score for the slow fire aggregate with a total of 182 points. This was scored out f a possible 200 points for the 200, 300, 500 and 600 yards, and captured the gold medal offered for the highest, aggregate at the slow fire ranges. Corwin is one of the cracks of the New York team and has been a nember of the State team for the last three

At the recent New York Association meeting at Creedmoor he won the State championship and his work this season has been consistently strong. Capt. B. B. McAlpin of the Seventh New York was close on his team mate's heels with a total of 180, and the win was not decided until McAlpin's last shot at 600 yards was marked up. The splendid work of Col. Thurston's men stood out conspicuously through out the two days shooting, and all of the team members averaged centers or above for the four ranges. Their scores follow:

Sergt. Doylea's 42 out of a possible 50 at 600 yards was the best individual feat of the day's work, for he ran off nine buils and one three in a rain driven before a wind that at one time was scudding in from the northeast at a 28 mile gait. The weather conditions were miserable and the riflemen shot over their ranges, covered with rubber pouches and with their elbows in pools of water. Following an hour of clear weather, in which the 300 yard range was finished, a northeaster ventured on the range. It bore the earmarks of a storm that would carry the Jersey coast for a three day period, according to the natives. The temperature dropped rapidly and in a 20 mile wind from 10 clock and a driving cold rain, elevations were hard to hold and masy misses were recorded at the mid ranges. The marking was exasperatingly slow for in many instances the head wind; and rain washed pasters off the target. Orderlies from the Twenty-fifth Regulars were posted along the firing line, and with megaphones passed the word to sash targets which were not marked quickly. The last shot at 600 yards was fired at 430 o'clook. Considering the conditions the scores made by the more experienced shots, who were undaunted by the baffling changes, were little short of remarkable.

At 10:30 the conditions, in the opinion of the

experienced shots, who were undaunted by the baffling changes, were little short of remarkable.

At 10:30 the conditions, in the opinion of the officers in charge of the match, were so bad that all targets were sashed and covered up and the range was quiet until 10 o'clock. No attempt was made at rapid fire at the conclusion of the slow fire, but at 8 o'clock tomorrow morning the first relay of competitors will line up for the 200 yardrange. The rapid fire at this range and at 500 yards will occupy most of to-morrow's working hours, leaving the skirmish runs and the individual pistol match to be run off.

The consensus of opinion on the range to-night is that the individual match will not be completed before Tuesday'evening should the weather conditions materially improve. Gen. W. P. Hall, the executive officer of the match, proposes to run the skirmish off, at the rate of a run in fifteen minutes. With 600 odd competitors the runs cannot be completed under twelve hours, even should this fast rate be maintained. The impossibility of finishing the national match in three days salso conceded by Gen. Hall and his assistants. Any hopes that may have been entertained of its completion in three days received a setback when the proposition of Col. Thurston that the time limit at 800 and 1,000 yards for the team gaptains.

WANTS TO SEIZE ITS CHARTER. Texas Railroad Commission Says the Houston and Texas Central Broke the Law.

Austin, Tex., Aug. 25.—The Railroad Commission to-day sent to Attorney-General R. V. Davidson an order instructing him to institute suit in the district court here against the Houston and Texas Central Railroad Company for forfeiture of its charter and the appointment of a receiver of the property, the grounds for the proposed action being that the company has violated the Constitution and laws of the State of Texas. Attorney-General Davidson will file the

suit as soon as the papers in the case can be prepared. The order is signed by all three members of the commission. This action en the part of the commission is not entirely unexpected. Commissioner Allison Mayfield has been urging that a suit of this character be brought against that road for the past several years, and he has made a number of motions to that effect from time to time, but until now the other two members of the commission never agreed with him that the road should be proce

It is charged in the Railroad Commission's complaint that the Houston and Texas Central, the Texas and New Orleans and the Houston, East and West Texas roads, the Houston, East and West Texas roads, while chartered under the laws of Texas, are owned and controlled by the Southern Paoific Company, a corporation organized under the laws of Kentucky, and that these three north and south roads are competing lines. The Railroad Commission made similar charges against the Texas and New Orleans and the Houston, East and West Texas roads some months ago and final action is held up pending the outcome of negotiations that were said to be pending for the sale of the Texas and New Orleans road to a separate corporation. This sale was authorized by a special act of the last Lexislature, but it has never been accomplished.

KEEPS THE CORPORAL AWAKE. Army Recruiting Agent Complains of an Upstairs Club.

Corporal Hogan, who is detailed at an army recruiting station at 2306 Eighth avenue, is indignant because the police do not close up a clubroom on the floor above the recruiting station. He has complained to the police three times, he says, on the ground that the clubroom is used for gambling purposes, but declares he can get no satisfaction. At the time of his last complaint, Thursday, he threatened to lay the matter before Commissioner McAdoo and District Attorney Jerome.

"I have not been able to get eight hours continuous sleep for the last three months, said Corporal Hogan yesterday. "The players are hard losers and make an awful noise pounding on the tables and beefing when the game goes against them. I have been through Texas and the West, where gamblers tost thousands on the turn of a card, but I never heard any of them make a thousandth part of the row that these New York sports stir up when they lose." The club of which the corporal complains is the Colonial Club, an organization of forty or fifty young men. Acting Captain Thompson of the West 125th street station said last night that he had sent men to it, but had been able to procure no evidence that the rooms were used for gambling purposes. Until he did this, he said, he could not interfere. said Corporal Hogan yesterday. "The

jail.

George Murray, the prisoner, is 21 years old. He is a graduate of the College of the City of New York and his father is connected with a prominent Manhattan firm. Mrs. Murray says that an effort to stop his drinking by allowing him no money caused him to burglarise her house and steal her wedding ring, a diamond pin an opal and pearl set ring and a gold watch, valued in all at \$100.

In court young Murray offered to return the stolen articles and promised to reform, but his mother declined to accept his promises because he had broken previous ones. He was committed.

INSURANCE EXCHANGE WINS.

Attorney-General's Application for a Re straining Injunction Is Refused.

TRENTON, Aug. 25. — Vice-Chancellor Stevenson has filed a decision refusing the application of Attorney-General Mo-Carter for an injunction to restrain the Newark Fire Exchange from maintaining and regulating the insurance rates in that city under an agreement entered into between a number of the insurance com-panies. The Court holds that the appear-ance of the Attorney-General in the case is without justification under the common law and there is no statute in New Jersey

law and there is no statute in New Jersey to authorize such action.

If the articles of association of the exchange are illegal, the Vice-Chancellor holds, any person aggrieved thereby has an adequate remedy in a court of law without invoking the aid of the equity jurisdiction. Although instituted by the Attorney-General upon information, the injunction proceedings were actually prosecuted by the city of Newark through City Attorney Malcolm MacLear.

THE GANG WAS THERE.

Monk Eastman's Old Pollowers See a Comrade Acquitted of a Murder Charge. Members of Monk Eastman's old gang growded the Coroner's court yesterday, when an inquest was held into the death of Tom O'Brien. The young men were friends of Thomas Cominsky, alias "Tom Buff," who is charged with shooting O'Brien

on July 29.

According to Mrs. Weddermeyer, who is a tenant in the house at 204 Allen street, where O'Brien was employed as janitor, O'Brien had been ordered to evict members.

O'Brien had been ordered to eviot members of the Eastman gang who had a room there. In carrying out the order O'Brien was shot and killed.

The witnesses told contradictory stories and appeared to be disturbed by the p.esence of the young men.

Coroner Scholer directed the jury to bring in a verdict of acquittal.

be found that the principal growth of population, area for area, in this city has taken place in Harlem. In 1900 that section contained a notably large percentage of vacant apartments, according to the Health Department's canvass. Despite much building in the meantime there is now a distinct scarcity of housing in the uptown territory served by the elevated roads and the easterly branch of the subway. By way of illustration, a prominent Harlem renting agency, the Webb Realty Company, with a list of 4,500 apartments on its books, is in a position to state that it has only eighty-seven apartments to let, although more than a month remains of the fall renting season. renting season.
